

SHARE YOUR IDEAS!

Brooklyn Bridge Park Public Planning Workshop For Pier 6 & the Atlantic Avenue Gateway

Thursday, February 28th
7-9 PM

Come at 6:30 for refreshments and sign in
at **Long Island College Hospital**

Main Floor B&C: Atlantic Ave. at Hicks Street

- **Participate in a community planning workshop led by Project for Public Spaces, an internationally renowned public place and park planning firm.**

- There was never a public planning process for Pier 6 as part of Brooklyn Bridge Park even though a public planning process was promised by the city and the state: Now is your chance to be heard!

- **Help create a plan to turn Pier 6 into a useful amenity for its surrounding neighbors and a welcoming entrance to Brooklyn Bridge Park.**

- How can it be a year round destination with a public purpose, public use and public feel?

- What recreational uses would you like to see for South Brooklynites?

- What would you as local merchants like to see happen at this gateway?

Sponsored by the Atlantic Ave. Betterment Assn. in collaboration with the Willowtown Assn, the Cobble Hill Association, the Sierra Club, Brooklyn Vision, and the BBP Defense Fund.
